INDEPENDENT AUDITORS' REPORT

Board of Directors
Dominion Investor Services, Inc.

We have audited the accompanying statements of financial condition of Dominion Investor Services, Inc., (a wholly owned subsidiary of Dominion Financial Services, Inc.) as of December 31, 2008 and 2007, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to the claims of general creditors, and cash flows for the years then ended, that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dominion Investor Services, Inc. as of December 31, 2008 and 2007, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary Dominion Financial Services, Inc.)

Notes to Financial Statements
December 31, 2008

Note 1-Summary of Significant Accounting Policies

Dominion Investor Services, Inc. (the Company) was formed on December 28, 1990 and is registered with the Financial Industry Regulatory Authority (FINRA). Its brokerage accounts are insured by the Securities Investors Protection Corporation (SIPC). The Company clears its securities transactions through First Southwest Company, a member of the New York Stock Exchange.

Reporting Entity:

Effective January 1, 2001, the parent company, Dominion Financial Services (DFS) elected under the Internal Revenue Code to be taxed as an S-Corporation. Under those provisions, DFS does not pay federal corporate income taxes on its income, rather its shareholders are liable for individual income tax on their proportionate share of DFS's taxable income. DFS has made an election with the Internal Revenue Service to treat the Company as a qualified Subchapter S Subsidiary. As a result, for federal tax law purposes, the Company's assets, liabilities, and items of income and deduction are treated as being owned by DFS. Only DFS is required to file a tax return and that return includes the Company's assets, liabilities, and items of income and deduction. These financial statements include only the accounts of Dominion Investor Services, Inc.

Commission Revenue:

Commission revenue is recognized as of the settlement date which is generally the third business day following the trade date.

Management's Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts could differ from those estimates.

Note 2-Cash and Cash Equivalents

For purposes of statements of cash flows, the Company considers all highly liquid investments, with an original maturity of three months or less, to be cash equivalents.

Note 3-Investments

Investments are carried at cost which approximate market and consist of certificates of deposits totaling \$247,975. The original maturities range from six months to five years and the interest rates range from 2.8% to 4.5%.

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary Dominion Financial Services, Inc.)

Notes to Financial Statements
December 31, 2008

Note 4-Deposits With Clearing Organizations

The Company entered into an agreement with a clearing organization to execute and clear securities transactions. The agreement requires that a \$50,000 interest bearing deposit be maintained by the clearing organization.

Note 5-Equipment

Equipment is stated at cost. Depreciation, for financial reporting purposes, is provided on the double declining balance and straight line methods over 5 to 7 years.

Changes in fixed assets are as follows:

	Furniture & Equipment	Accumulated Depreciation	Net Fixed Assets
Balance January 1, 2007	\$ 259,678	\$ 241,427	\$ 18,251
Additions	12,025	8,850	3,175
Balance December 31, 2007	271,703	250,277	21,426
Additions	5,838	8,888	(3,050)
Balance December 31, 2008	\$ 277,541	\$ 259,165	\$ 18,376

Note 6-Federal Income Taxes

Effective January 1, 2001, DFS elected under the Internal Revenue Code to be taxed as an S-Corporation and also elected to treat the Company as a Qualified Subchapter S Subsidiary of DFS. Under those provisions, DFS does not pay federal corporate income taxes on its income. As a Qualified Subchapter S subsidiary of DFS, the Company's income is reported on the DFS's tax return and its shareholders are liable for individual income tax on their proportionate share of DFS's taxable income. These financial statements include only the accounts of Dominion Investor Services, Inc.

The Company is still liable for taxes on built-in gains if certain assets are sold that were held by the Company at the time that the S-Corporation election was made. Management has determined that there were no built-in gains of the Company at January 1, 2001.

Note 7-Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2008, the Company had net capital of \$447,381 which was \$397,381 in excess of the required net capital of \$50,000. The Company's aggregate indebtedness to net capital ratio is .72 to 1.

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary Dominion Financial Services, Inc.)

Notes to Financial Statements
December 31, 2008

Note 8-Lease Commitments

The Company has entered into a lease agreement for office space. The lease agreement calls for scheduled rent increases over the lease term of sixty-two months. Rent expense is calculated using the straight-line method over the term of the lease. Future minimum lease payments are as follows:

December 31, 2009	\$	70,625
December 31, 2010		70,625
December 31, 2011		64,740
	\$	<u>205,990</u>

Rent expense was \$73,875 in 2008 and \$72,984 in 2007.

Note 9-Concentrations of Receivables and Deposits

First Southwest Company (FSW) clears trades for the Company and requires that a deposit of \$50,000 be maintained at FSE for this service. The Company has other cash and investments deposited with FSW totaling \$615,247. In addition, FSW owes the Company for certain December 2008 trades and other miscellaneous charges in the amount of \$149,992.

Note 10-Possession or Control Requirements

There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (S.E.C.) Rule 15c3-3 (K) (2) (ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts; therefore, the Company does not have any possession or control of customer funds or securities. Further, our independent auditors have ascertained that the conditions of the exemptions were being complied with as of the date of the audit examination and no facts came to their attention to indicate that the exemption had not been complied with during the period of their examination.

SCHEDULE I

DOMINION INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary of Dominion Financial Services, Inc.)

**REPORT ON THE INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17a-5**

Board of Directors
Dominion Investor Services, Inc.

In planning and performing our audit of the financial statements of Dominion Investor Services, Inc. (a wholly owned subsidiary of Dominion Financial Services, Inc.) for the year ended December 31, 2008, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Dominion Investor Services, Inc. that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) the rule 15c3-3 to maintain physical possession or control of all fully paid and excess margin securities of customers does not apply to the Company because the Company does not have possession or control of customer funds or securities.

Dominion Investor Services, Inc. is exempt from rule 15c3-3, pursuant to the 15c3-3(k)(2)(ii) exemption, and the conditions of the exemptions were being complied with as of the examination date. No facts came to our attention to indicate that the exemption had not been complied with during the period of our examination.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to

future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purposes.
